**BRIDGES BELIEVED FIRED**  
Two More River Structures Burned Extinguished Without Damage.  
By Associated Press.

PITTSBURGH, July 23.—What the police believe to be an attempt to burn the Seventh and Ninth street bridges across the Allegheny river here is being investigated by Thomas Pratt, fire marshal, and a force of assistants.

Shortly before noon today both bridges were discovered on fire near the North shore. SDI alarms were sent nearby fire companies and the flames extinguished without much damage. A little later the again broke out this time on the center span of the Ninth street bridge. It, too, was extinguished with slight damage.

These fires, following closely on the burning of the 30th street bridge last week, prompted the belief, the police said, that incendiaries were operating.

## NUT BLAMED FOR WRECK

Imprint Found on Rail Following Disaster to Lackawanna Limited.  
By Associated Press.

SCRANTON, July 23.—Investigation was being directed today by E. M. Rice, vice-president and general manager, into the wreck of the Lackawanna Limited on the Delaware, Lackawanna & Western railroad at Chesham, north of here, yesterday afternoon. Two persons are dead and more than a score injured as a result of the accident.

Examination of the roadbed, railroad officials said, showed the derailment was probably caused by an inch and a half nut dropped or placed on the rail. It was found where the train left the track and its imprint was discernible on the rail.

Subject of sermon, "The Reasons for Being a Christian." Sunday school at 9:45, all departments including Men's Bible class, taught by the pastor. Welcome to strangers.

**FIRST BAPTIST**—Church school at 9:45. Lesson topic, "Saul Proclaims Jesus as the Christ." Classes for all ages. Morning worship at 11. Sermon subject, "To Whom Shall We Look for God?" The old question comes up with every generation. "What is God like?" Is God kind? Is that all that He is? Is He the force that makes for righteousness? And in this all, has God a form like man's? The Bible speaks of the arm of God, the hand of God, and even suggests that God has wings. What does all this mean? What is the ministry of God's hand? Does it suggest what we may do with ours? The evening service is a union meeting held in the First Presbyterian church.

**FIRST EVANGELICAL**—South Connelville, J. O. Bishop, pastor. Sunday school, 9:30; morning worship, 10:45; Young People's Alliance, 7; with Mrs. P. G. Bradley as the leader; evening service, 8. The sermon topic

### Mrs. J. A. Paul Tells How Cuticura Healed Her Child's Eczema

"My child was troubled with eczema behind his left ear. It started with the appearance of scattered, red pimples. They were exceedingly itchy and he would rub them, and was very painful and cried. I had him treated but it failed to help him. I began using Cuticura Soap and Ointment and relief was afforded, and when I had used one fifty-cent box of Cuticura Ointment, with the Cuticura Soap, he was completely healed." (Signed) Mrs. J. A. Paul, 214 Gould St., W. Phila., Pa., June 12, 1920. Clear the pores of impurities by daily use of Cuticura Soap and occasional pouches of Cuticura Ointment as needed to soothe, soothe and heal. They are ideal for the toilet as is also Cuticura Talcum for powdering and perfuming the skin.

## Come to PITTSBURGH for the KAUFMANN & BAER August Furniture Sale

### Over a Half-Million Dollars' Worth FINEST QUALITY FURNITURE

—Most of it GRAND RAPIDS Make

### AVERAGE SAVINGS of ONE-THIRD

ON TO PITTSBURGH—to the KAUFMANN & BAER store! Home-makers—those who cherish the old family homestead—builders of new homes—ON TO THE K. & B. AUGUST SALE OF FURNITURE! For months past this store has been working for you, planning this

August Furniture Sale—Opening Monday, July 25th

The K. & B. furniture dealer—a man who has lived, talked and bought furniture for many years—has done things in a bigger way for this year's sale than ever before! True, he had bigger opportunities—more chances to SAVE money—more openings to close SPECIAL PURCHASES. The furniture market "broke" long ago. That's history now! When it broke, prices not only slumped—but went back to a lower level than we have known in years.

There never was a better time to buy furniture than in this August Sale at the K. & B. Store

What of stocks? What of assortments? Therein does this annual KAUFMANN & BAER Furniture Sale stand head and shoulders above the others. Furniture is a hobby here. We delight in choosing fine furniture—furniture of fine character—of beauty—of rare quality! We don't buy furniture in a "rump" purchase. We select it—piece by piece—choosing it as carefully for your homes as we would choose it for our own. We've just spent months in GRAND RAPIDS (where furniture making is an art)—bought the choicest that we could. So that on the opening of this sale, we have an assortment of fine furniture that has never been equaled and seldom approached in Pittsburgh.

Plan NOW—come to Pittsburgh the opening day of the sale (or as soon as possible)—come direct to K. & B.—(the corner of SIXTH AVENUE at Smithfield Street)—and take advantage of the SAVINGS (which average ONE-THIRD).

### The KAUFMANN & BAER "EASY PAYMENT Plan"

Pittsburghers speak of it as "Easy Payments, Easily Arranged." It provides the way for every person in this community to take advantage of the SAVINGS of this August Furniture Sale. There are no "extras," no interest or club fees of any kind. You buy at the same SAVINGS as those who pay Cash in Full—only you spread the payments over a period of time.

## THIS YOUNG MOTHER

**Tells Childless Women What  
Lydia E. Pinkham's Vegetable  
Compound Did for Her**

Millston, Wis.—"I want to give you a word of praise for your wonderful medicine. We are very fond of children and for a considerable time after we married I feared I would not have any owing to my weak condition. I began taking Lydia E. Pinkham's Vegetable Compound and now I have a nice strong healthy baby girl. I can honestly say that I did not suffer much more when my baby was born than I used to suffer with my periods before I took Lydia E. Pinkham's Vegetable Compound years ago. I give all the credit to your medicine and shall always recommend it very highly."—Mrs. H. H. JANSSEN, Millston, Wisconsin.

How can women who are weak and sickly expect or hope to become mothers of healthy children? Their first duty is to themselves. They should secure the rearrangement of debility that is dragging them down, and strengthen the entire system, as did Mrs. Janssen, by taking Lydia E. Pinkham's Vegetable Compound and then they will be in a position to give their children the blessing of a good constitution.

#### DUCK RAISING IS PROFITABLE

Pekins Are Most Popular Breed for  
Production of Meat and Runners  
for Eggs

(Prepared by the United States Department of Agriculture)

Although ducks are not popular as a source of income to average farm conditions, yet many farmers are finding duck raising profitable as a side issue to their other farm operations. The demand for table ducks in the cities seems to be on the increase. The period of incubation for ducks is 28 days except for the Muscovy duck which is 34 to 35 days. The eggs may be hatched either naturally by hens or ducks or artificially in incubators. Strong fertile eggs are a prime essential to good hatchling and are obtained only from stock properly mated and kept under the best possible conditions to secure health and vigor. Eggs from overfed breeding stock do not usually produce a large percentage of strong ducklings. Pekin and Indian Runner ducks rarely sit, consequently, if natural methods of incubation are to be used, the eggs are usually hatched under hens. Duck eggs should be washed if dirty for it does not appear to injure their hatching qualities. Before setting a hen dust her thoroughly with insect powder. In applying this powder hold the hen by the feet with her head hanging down and work it through into the feathers giving special attention to the vent and under the wings. Sitting hens should be fed whole or cracked grain such as corn or wheat. Place 9 to 11 duck eggs under a hen depending on her size and the season of the year using the smaller number of eggs in cold weather and the larger number in warm weather. Confine the hens at hatching time and do not disturb them until they become restless when it may be best to remove the ducklings that hatched first. Hens must be well cared for in hatching duck eggs as the period of incubation is a week longer than that of hen's eggs. It usually takes duck

eggs from 24 to 48 hours to hatch after they pick the shells, therefore it is advisable to allow the hen to get off the nest for feed and water when the first ducklings pick the shell and then confine her to the nest until the hatching is over. Ducks' eggs need more moisture than hen's eggs at hatching time, as it takes the ducks much longer to get out of the

Baseball this year with the lively ball, brews a survival of the fittest.

The New York Yankees will seat 80,000 in their new baseball park, now building.

Jack Holligan, first baseman of the Boston college team, will be its captain next year.

Even the best of baseball clubs have off days when they let others in the league enjoy themselves.

Willard E. Holt, second baseman, has been elected captain of the 1922 Williams college baseball team.

Frank Moreau, who got his umpiring knowledge in the Steel league has been signed by the Western association.

Lefty Baumgartner pitched for the Bethlehem Steel team during the war. He has always been the property of the Phils.

Atlanta has sent pitcher William Koenemann, a young right hander, to LaGrange of the Georgia State for seasoning.

Outfielder Gressett of the Evansville club in the Three-I league has been purchased by the Philadelphia Athletics.

Pitcher Mendel of the Toledo American Association team has been purchased by the Omaha Western league baseball club.

#### Beware Yellow Butterflies

The yellow butterflies which look harmless enough when flying around the garden are really dangerous signals to the cabbage grower for these butterflies lay the eggs from which caterpillars are hatched. To keep the worms away begin dusting the cabbage plants when they are very small with diluted lime to which a little paris green has been added or better still spray them with arsenic of lead one pound to a gallon of water. There is absolutely no danger in using poison on young cabbages as the heads grow from the inside and the outer leaves on which the poison falls will later be removed.

## NEWSY NOTES TELL WHAT'S HAPPENING IN THE MILL TOWN

**Twilight Baseball League to  
End Schedule Aug-  
ust 5th.**

### UNION CHURCH SERVICE SUNDAY

Will be held in evening in Chautauque tent. With Dr. L. Chantry Hoffman of Philadelphia. Delivering the sermon. Other news of the day.

Special to The Courier.

**SCOTSDALE, July 23.**—The Scottish Twilight Baseball league on Tuesday evening will resume games and complete its season within the next two weeks. The schedule for the two weeks is as follows: July 25, Y. M. C. A. vs. Christian Church; July 26, Pine Tree vs. North Side; July 27, Alverton vs. Swedestown; August 1, North Side vs. Swedestown; August 2, North Side vs. Christian; closing game, August 5, Y. M. C. A. vs. Swedestown.

### Tables Service Sunday.

A union service of the churches will be held at the chautauque tent on Sunday evening, beginning at 7:45 o'clock. Dr. L. Chantry Hoffman of Philadelphia will deliver the sermon. Dr. Hoffman is pastor of one of Philadelphia's largest churches. His subject will be "Big Business." A choir made up of all the choirs of town will take part in the singing.

### Chautauque Program.

The Coit-Aber chautauque, which is presenting a seven day program at Scottdale, will close the week on Monday evening. A good company plays tonight and the tent will be given over to the ministry of the town tomorrow for services if they desire to hold them there.

At 2:30 o'clock this afternoon the Junior festival was held on the lawn adjacent to the big tent. Children were the performers and chairs were placed in the shade for the elders. The program for the youngsters lasted half an hour.

At 3 o'clock Miss Edna Eugenia Lowe spoke on "The Danger Signal on the Road to Health." She has had much experience in physical culture work in various colleges. In addition to her talk she also gave physical exercises. Following the conclusion of the program she remained on the platform to answer questions of any who remained afterwards.

This evening the Vivian Players are scheduled to present J. Hartley Manners' "Peg O' My Heart." Miss Ruth Vivian plays the part of "Peg" in which she is exceptionally capable. The presentation of the play was followed on a chautauque circuit for the first time this year after Mr. Manners had been advised what company would present it. The performance tonight will begin at 8:30 o'clock.

On Monday afternoon the Trinity Church Mixed Quartet will present a varied program. The singers are under the leadership of J. Grubb. They will feature church music.

The singing will last for 20 minutes before the opening of the evening program, which will be a lecture by Dr. J. Whitcomb Brougier, of Los Angeles, a Baptist minister. His subject will be "Kears and Keyless." He has a congregation of 3,500 persons and is the pastor who married Mary Pickford and Douglas Fairbanks.

The Monday evening program will begin at 8 o'clock.

**Mrs. Skemp Hostess.**  
On Thursday evening Mrs. Robert Skemp was hostess to the Ladies Aid society of the First Baptist church at a porch party at her home. Very nice refreshments were served and a social hour was held.

**Baby Clinic News.**  
Mrs. McCann of Greensburg had charge of the baby clinic at the Y. M. C. A. yesterday afternoon, with Dr. W. H. Peltier in charge. There was a good attendance, with the interest for the case of well babies increasing with the continuance of the summer weather.

**For Sale.**  
For Sale—One horse, weight 1,750 pounds, first class condition. Scottdale Ice Co., Bell 330.—Advertisement—22-21.

**W. C. T. U. Meeting.**  
Mrs. Walter Cope will on Tuesday evening at 7:45 o'clock be hostess to the W. C. T. U. at its regular meeting. The subject for the evening will be "Americanization." Mrs. W. W. Hoyer will have charge of the program.

**Personal News.**  
Mrs. M. D. O'Connor is visiting with friends at Logan.

Mr. and Mrs. William Glennard of Burlington, N. J., are guests of Mr. and Mrs. Jesse S. Cook.

Miss Vesta Snyder of Alverton spent the day with Scottdale friends.

Mr. and Mrs. Ray Kennel are the parents of a son, born at the Memorial hospital on Thursday. This is the first child in the family. Mrs. Kennel before her marriage was Miss Ella Miller.

Mrs. A. F. Byrne and daughters and Mrs. William Dorey and family are spending two weeks at Atlantic City.

**Suffered Intense Pain.**  
A few years ago when visiting relatives in Michigan, something I had eaten brought on an attack of cholera morbus, writes Mrs. Celeste McVick, of Scottdale. "I suffered intense pain and had to go to bed. I got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and it does not leave the pain worse than it was. I only took two or three doses, but the doctor said I was cured."

**SUMMERTIME FROCK**  
The softly gathered bodice and wide neckline are attractive features of this fine French voile frock. The bands are of linen, fastened together with entire darts. Lavender is the color of the whole frock and the graceful hat of organza matches in shade. The long streamers are lavender and blue reversible ribbon.

## LONG, FULL SKIRT

Garments Now Being Featured  
by Paris Houses.

Distinctly a Thing Apart From the  
General Collection and Always  
for Evening.

One of the most disputed points in Paris at the present time, notes a fashion writer is the relative value of the long, full skirt and the possibility of its being definitely accepted. Three influential houses have featured this skirt, but it is distinctly a thing apart from the general collection and always for evening.

Jeane Lanvin combines her wide skirted models entirely to designs for young girls. She argues that the full skirt has a distinctly girlish and youthful look and is an appropriate dress for the young girl, who for some years has had nothing distinctly her own, but has had to borrow from the styles of older women.

Paul Poiret has shown the long and wide skirt for some time. His models of this character are, however, developments of designs which he has made for the stage and are not to be seriously considered from a standpoint of personal fashions. These are the really long skirts. There are, of course, the skirts giving an impression of length while being actually short.

Madeline at Madeline have been remarkably successful with their long skirted evening dresses giving a short effect.

## READY FOR SUMMER SPORTS

Terra cotta velours covert coat, severe skirt of striped material to harmonize, simple blouse, and collar, narrow brimmed sailor of rough straw completed this smart sport costume.

**Spanish Influence.**  
To Spain, that country of narrow streets and wide skirts, designers have gone for inspiration. Thus the very full skirts of the new frocks often are punctuated with bell trimming which you remember having seen on the flying skirts of some Spanish dancer.

**Modish Parasols.**  
Parasols imported from Paris and London are showing the vogue of the black and white effect, some of them being made of broad striped silk or alternating stripes. Flowered materials are being used for the popular lines of umbrellas, as well.

**Cape de Chine.**  
It is possible now to have suit, blouse and hat of crepe de chine, and the effect for summer and early fall is good. A cape is a handy garment to throw over the crepe de chine suit for warmth, if needed.

## Short Course for Industrial Plant Managers at State

STATE COLLEGE, July 23.—Announcement has just been made by the engineering school at the Pennsylvania State college of the sixth summer session in industrial organization and management, to be held at the college for two weeks, August 29 to September 10. Indications are that attendance at this school will be larger than ever before, and the program of special industrial problems to be presented will make the course the most attractive ever offered.

Slip managers, superintendents, efficiency men, public accountants, production managers, draftsmen and purchasing agents are included in the list of industrial men who are contemplating the Penn State course this year. They come from all parts of the country to receive a course that has become famous for the amount of sound engineering instruction that is given in the short space of two weeks' time.

D. J. Kunze, head, and J. Orvis Keller, assistant, of the department of industrial engineering will have charge of the school.

## FARMS INCREASE

In Value 38 Per Cent and Decrease in Number 18 1/2 Per Cent.  
HARRISBURG, July 23.—Statistical information at the Department of Agriculture says the value of the average farm in Pennsylvania has increased 38 per cent during the past 10 years. In 1910 the value of the average farm in the state, including buildings, was \$4,747, while in 1920 this had increased to \$6,577.

The total number of farms in the state showed a decrease of eight per cent during the 10-year period, while the acreage devoted to farming decreased only five per cent. While the total value of the average farm in the state increased 38 per cent in 10 years, the value per acre, including the value of the improvements, increased 55 per cent.

## YOU CAN'T SAY.

Possibly You've Never Gone About It the Right Way.

Here's a simple plan: Get a Liberty Bell Home Bank at the First National of Conneltsville. A savings account, opened with \$1 or more, gives you the little bank free. Drop a coin in it every day—a penny, if nothing more—but a larger coin whenever you can. The little bank will be full before you know it, and you will have saved a nice sum without missing it. Act now. Save often today and have dollars tomorrow.—Advertisement.

Warning of "Puncture Virus."  
Washington.—Motorists, beware the tributes terrorists! Government weed sharps issued a warning against the "puncture virus" of the West and Southwest, an undesirable immigrant from southern Europe which probably stowed away in the fleeces of sheep to reach this country. A California man, the report said, reported 70 punctures in one tire, committed by without terrorists.

## "Clean-Out" of Democratic Job Holders Coming

HARRISBURG, July 23.—Coincident with the meeting of the Democratic state committee in this city on Wednesday to name a candidate for Congressmen-at-Large for the Garfield vacancy and to express opinions regarding national and state government, comes the news that the plans of the Harding administration for clearing out Democrats in various governmental offices are perfected and that the changes will be announced quite rapidly. Everyone has been wondering how long the Democrats were to be allowed to stay, as when the Wilson administration came in the Democrats did not lose much time in launching the drive against officeholders.

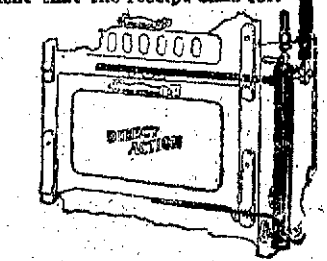

Now removal of Democrats is regarded against the Democratic state windmill as something but little short of a calamity and calling for the use of appropriate language. Every Democrat thrown out weakens the Democratic state machine all the more as the registration and enrollment appears to be generally against them in many counties and recovery from the body blows of last November has been extremely slow.

It is said the changes in the secondary places in the three federal districts in Pennsylvania will be made very soon.
